

## **SIGNATURE SYSTEMS GROUP LEVERAGES GROWTH IN ACQUISITION**

### **FOR IMMEDIATE RELEASE:**

**April 5, 2013**

New York, New York – Signature Systems Group, LLC announced that Cleveland-based private equity firm Linsalata Capital Partners has acquired a majority interest in Signature, previously owned by Dubin Clark & Co. of Greenwich, Connecticut. Signature designs, manufactures, and sells a broad range of specialty flooring and fencing products for the special event, oil & gas, construction, sports and trade show industries. Headquartered in New York City, Signature has sales, manufacturing and distribution centers in Los Angeles, Orlando, Baltimore, and the UK, and ships more than 10,000 orders a year to clients across the globe.

“Growth is our mission and what attracted us (Linsalata Capital and Signature) to each other,” explained Arnon Rosan, founder and CEO of Signature Systems. “We wanted to go with Linsalata because they truly understand and embrace the entrepreneurial spirit that drives our company and each of our employees.” After supplying more than 2,000,000ft<sup>2</sup> of temporary roadways and outdoor flooring for the 2012 London Olympics and launching MegaDeck, a heavy-duty access and matting product that was an instant hit with the oil and gas industry, Signature is hard at work designing new products to propel the company even further on its upward trajectory.

“Signature is a great opportunity for LinCap,” said Daniel L. DeSantis, Managing Director at Linsalata Capital Partners, “Arnon and his team have done a wonderful job building a platform that leverages strong product development, a unique sales and marketing driven culture and exceptional service capabilities. We believe the growth prospects for Signature are very strong.”

“The Signature team is looking forward to partnering with LinCap and leveraging their operating experience in manufacturing and distribution as we focus on our exciting near term strategic growth initiatives,” says Rosan. Linsalata Capital Partners’ combined operational experience and strong financial capabilities make them uniquely qualified to guide and facilitate Signature Systems Group’s inexorable growth and development.
